Sharon Henson, Acting Clerk

31/01/2017

APPENDIX 1

Correspondence Received

1. Email from WDC re car parking – see below

Please find below an update about changes being made to how motorists pay to park in Wycombe District Council-owned car parks, to be shared with your respective council.

From **Saturday 25 February 2017** all car parks, except The Swan and Easton Street multi-storeys, will change to a pay and display system. Over the next few weeks, the existing parking payment machines will be modified to operate a pay and display system and additional payment machines will be installed in busy car parks. Some locations will also benefit from the introduction of card “wave and pay” technology.

The pay and display system will not be installed in Easton Street and the Swan car parks and you can continue to pay before you leave; entrance and exit barriers will also be installed in these two car parks.

Car parks affected by the change

All fee-paying car parks which are run by Wycombe District Council, except Easton Street and The Swan, will be changing to pay and display.

In car parks with a pay and display payment system, you will need to choose how long you want to stay and pay for your ticket when you arrive in the car park. This ticket will then need to be displayed on your vehicle dashboard for the duration of your stay in the car park.

In The Swan and Easton Street multi-storey car parks in High Wycombe, the way you currently pay at the machine won't change. You will need to enter your registration number at the payment machine, which will then ask you to pay for the amount of time that you have been in the car park. As there will be barriers at the exit of these car parks, if you have paid or hold a permit, or previously registered your blue badge, then the barrier will automatically open to allow you to exit.

How you can pay to park from 25 February 2017

Due to the change in payment system and the introduction of barriers in some car parks, we will not be able to continue to offer online payments using Flexi-park or pay after the event. These accounts will be closed by 25 February 2017.

Permit holders will not be affected by these changes, as they will still be valid under the new arrangements. In pay and display car parks, we will be able to check if a vehicle has a permit registered to it.

	Card	Coins	Permit	Mobile (RingGo)	Online (Flexi-park account)	Online (payments up to 24 hours after leaving the car park)
Pay and display	Yes	Yes	Yes	Yes	No	No
Pay on exit	Yes	Yes	Yes	No	No	No

Blue badge holders

Blue Badge holders are currently required to register their badges with parking services to obtain free parking. From 25 February, this will now only be needed if they use Easton Street and/or The Swan car parks in High Wycombe.

For more information about this change, please visit www.wycombe.gov.uk/parkingischanging

Catherine Spalton, Corporate Communications Team Leader
