230.5 To confirm the minutes of the Annual Meeting of the Parish Council.
Council confirmed the minutes to be a true and accurate record.

230.6 To note the advice from BMKALC regarding the role of the DPO.
NALC's Legal Briefing L06-18 set out guidance on the Government's late stage proposed amendment to the Data Protection Bill in respect of amending the definition of a "public authority" for the purposes of the General Data Protection Regulation by seeking to exclude parish meetings, parish councils, and in Wales, community councils from the definition.
The briefing confirms that the Data Protection Act 2018, which came into force 25 May 2018, contains the amendment. As per L06-18 this means that in England, parish meetings and parish councils, and in Wales, community councils do not have a duty to appoint a Data Protection Officer. It also means, as discussed in L06-18 that parish meetings, parish councils, and in Wales, community councils may process personal data by relying on the "legitimate interests" condition in addition to the five existing conditions they can rely on.
